

AMENDED PLAT OF LIANO GRANDE GOLF COURSE ROAD SUBDIVISION

SCALE: 1" = 100'

FINAL ENGINEERING REPORT FOR LIANO GRANDE GOLF COURSE ROAD SUBDIVISION
by Joe B. Winston, Jr., P.E.

Water Supply Description, Costs and Operability Data
The Liano Grande Golf Course Road Subdivision will be provided with potable water by the City of Mercedes. The City of Mercedes has provided into an agreement in which the City of Mercedes has provided to provide sufficient water to the subdivision. The City of Mercedes has provided documentation to sufficiently establish the long-term quantity and quality of the available water supply to the subdivision. The City of Mercedes has provided an existing 6-inch diameter water line running along the East side of the subdivision. The City of Mercedes has provided a 6-inch diameter water line running along the East side of the subdivision. The subdivision will be serviced by five fire hydrants.

Sewage Facilities Description
Sewage from Liano Grande Golf Course Road Subdivision will be collected by single and double sanitary sewer service connections that will be installed on proposed 6-inch sanitary sewer lines (S318-35) running along the Southeast corner of this proposed subdivision and from here it will be conveyed to the City of Mercedes wastewater system and eventually treated at their sewage treatment facility.

CERTIFICATION
By my signature below, I certify that the water and sewerage service facilities described above are in accordance with the applicable provisions of the Texas Water Code and the Texas Sanitary Code. I certify that the estimated costs to install underground water and on-site sewage facilities, discussed above are as follows:
